

The early bird gets
the worm, but the second mouse
mostly gets the cheese.

To live forever,
the intention suits me well!
Ah! So far, so good.

Waves erupt by you,
but not enough. Kick harder -
make a difference.

The universe is -
quantum mechanics; the dreams
that stuff is made of.

Psychics are puzzling.
Why do they always ask you
if you want a chair?

Nothing is faster
than light? OK - so what is
the speed of the dark?

Einstein got it wrong;
a black hole is just where God
divided by zero.

Eagles may soar high,
but rabbits don't get sucked
into jet engines.

Darkest hour is just
before dawn; to steal milk or
roses, do it then.

Sex is much like air;
unimportant unless you
do not get any.

Is the water deep?
Never test it with both feet
at the same moment!

Truth is easier
to say than lies, memory
is not required.

The balance of life;
some days you are the bug and
some days, the windscreen.

Panic? Ye should not!
Kinky it will seem, but then,
only at first try.

Shock! The fastest way
to double your money is
fold the notes in half.

All things considered,
Gaffer Tape is the answer.
What was the question?

Theories exist,
for argument with women;
but none of them work.

When lips flap about,
all else is too busy; so
no learning happens.

After you need the
knowledge, is mostly that time
when you will find it.

Naked, wet, hungry;
bright light, resounding smack, cry.
Then things will get worse!
